

# Trafilerie di Valgrehentino

**Subject: RoHs regulations updated 2015/863 (EU)**

Dear Customer,

regarding your request for the UE regulations 2002/95 / EC - RoHs, hereby we declare that our products do NOT contain:

- Mercurio
- Cadmio
- Cromo Esavalente
- Bifenili polibromurati (PBB)
- Eteri di difenile polibromurato (PBDE)
- Ftalato di bis(2-etilesile) (DEHP)
- Benzibutilftalato (BBP)
- Dibutilftalato (DBP)
- Diisobutilftalato (DIBP)

The Lead as far as undesirable, may be contained in our products but in any case in percentages less than 0.01% and therefore widely in Annex current limits (0.1%).

With best regards

17/01/2019

**Trafilerie di Valgrehentino SpA**

*EXPLANATORY NOTE: Directive 2011/65 / EU shall apply to electrical and electronic equipment (EEE). A component of an EEE undergoes an induced compliance which translates in accordance with the restrictions of Annex II taking into account the exemptions in Annex III. Annex II raises the limit of 0.1% for lead, but the lead as alloying element in steel for machining purposes and in galvanized steel can reach up to 0.35% (Annex III exemption).*
